Story Starters

Work together to tell a story using one of the beginnings written below.

It all started when we were sucked down the bathtub drain...

When I woke up and looked outside my window I saw the most amazing thing: our tree had grown lollipops!

One day, I decided to take my pet pig to school...

I grew and grew until I was taller than our house. That was a **BIG** problem! You see...

One morning I woke up and realized that while I was sleeping, I turned **PURPLE!!**

HOW many do you see?

Every time you see one of the things from the graph below, write an X in the column above it. At the end of your trip, look to see what things you saw most and what things you saw least.
